

Ananda

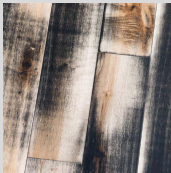

Hardwood collection for yoga

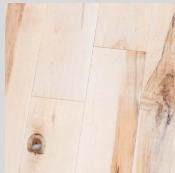

Designer finishes especially for yoga.

Gray

Black

Blonde

Varieties for both "hot" and "not" yoga.

The Ananda Collection provides beautiful professional flooring for the needs of today's discerning yogi with a designer's touch. For the hot yoga studio, we provide a 5/8" engineered maple floor that will stand up to fluctuations in heat and humidity. If hot yoga is not your thing, you can opt instead for the prefinished solid 3/4" timeless maple. Both are laid over our a 5mm Acoustipad which provides shock absorption, thermal insulation, and sound absorption. It's the perfect floor for whatever type of yoga you perfect.
